

Safety Cabinets

FOR FLAMMABLES

Store smaller quantities nearby.

When storing smaller quantities of flammable liquids at a work station or adding to existing storage capacities, Countertop and Compac cabinets make it possible to store flammables safely even when available space is at a minimum. Supplied with one adjustable shelf, these cabinets have the same great features of Justrite's larger cabinets.

Countertop Safety Cabinets allow increased access to frequently used liquids, without compromising safety. Portable size keeps work areas flexible. An optional wall hanger assembly is available if wall mounting is desired.

Compac Safety Cabinets fit almost anywhere and provide protection even where space is at a premium. Only 591 mm wide, they hold a full 45 or 57 litres of flammables. A great size for the home handyman.

MEETS OSHA & NFPA REGULATIONS

Yellow Countertop and Compac Cabinets

Number of Doors and Style	Capacity (Litres)	Ext. Dimensions H x W x D	Adjustable Shelves	Approv/Lstg Regulation	Sure-Grip® Model No	Delvr Wt (kg)

Expand storage and safely segregate liquids.

Justrite Piggyback Cabinets provide additional safe storage for flammables without taking up valuable floor space. Designed to mount on top of Justrite's standard 114 and 170 litre manual or self-closing cabinets, they can also be used singly as a benchtop cabinet or stacked to provide additional storage. Piggyback Cabinets also lend themselves to wall mounting with the purchase of a Wall Hanger Assembly.

Yellow Piggyback® Safety Cabinets

Number of Doors and Style	Capacity (Litres)	Ext. Dimensions H x W x D	Adjustable Shelves	Approv/Lstg Regulation	Sure-Grip® Model No	Delvr Wt (kg)
