

Safety Cabinets

Justrite Safety Storage Cabinets offer top performance for flammable liquid storage and protection.

Sure-Grip®

Fusible links hold doors wide open and melt at 74°C for automatic closure (on self-closing models).

Sturdy 1 mm double wall steel with 38 mm of insulating air space.

Easy-close, self-latching doors; handle does not require manual rotation to engage mandatory three-point latch for protection under fire conditions.

Fully welded, not riveted, construction holds squareness for longer life, offering greater protection in a fire since air gaps are reduced.

Continuous piano hinge provides smooth closure.

Durable and chemical-resistant, lead-free powder-coat paint finish, inside and out, retains high gloss look and minimises the effects of corrosion and humidity.

Dual vents with built-in flash-arresters strategically placed at bottom and opposite top.

Hybrid finish of epoxy and polyester offers both chemical resistance and UV protection

Self-indexing doors guarantee they will close in sequence and assure a tight closure from top to bottom (on self-closing models).

Exclusive "spill-catcher" shelves with built-in troughs catch incidental drips and easily adjust on 57 mm centres for versatile storage. Heavy-gauge galvanised steel is ribbed for extra strength to support a substantial 159 kg weight capacity.

Welded shelf hangers interlock with shelf to offer maximum "non-slip" stability with no flimsy brackets to lose.

Keyed, three-point latch safely secures contents.

Built-in earthing connector (on outside side panel) for easy earthing.

51 mm liquid-tight containment sump (with up to a 19 litre capacity on 170 litre models) holds leaks and meets US EPA requirements.

Complies with US OSHA 29 CFR 1910.106 and NFPA Code 30, section 4.3.3; FM Approved

■ EXCLUSIVE TEN-YEAR WARRANTY

Adjustable, levelling feet for balancing on uneven surfaces.

On self-closing models, concealed self-closing mechanism provides obstruction-free access to top shelf space. UFC compliant.

Fail-safe closing mechanism ensures three-point latching system works the first time, every time. Double key set included for security.

Highly visible "FLAMMABLE - KEEP FIRE AWAY" trilingual warning label in English/Spanish/French.
